

■ GS-G-GC

● GS-G-GL

Technical information:

1. Module Size 1762x1134x30mm, 27kg, 450w. array config is 2x10.
2. Design Code is AS/NZS 1170.
3. Basic wind speed is 60m/s ,snow load is 0 KN/m².
4. The pile foundation length is tentative and should be determined according to the geological survey report of the project site and the on-site drawing test.
